P-2420 Eligibility Determination for Medicaid

A. <u>General Introduction</u> - Use the following standards to determine eligibility and premiums for health care programs. Income standards for most programs are based on a Vermont forecast derived from the federal poverty levels (FPLs) and updated January 1 each year. If the Federal FPLs, which are not published until February or March, are higher than Vermont's forecast, Vermont's DCF will revise the income standards on April 1.

B. <u>Monthly Income Standards</u>
